HILTON OF FARMINGTON SEEKS WRITE-IN NOMINATION FOR GOVERNOR

The following statement was issued Tuesday by Maurice H. Hilton of Farmington:

Because of the general apathy towards politics throughout the state and because I, like a few others, am deeply disturbed by the seriousness of the situation, I am running for governor. I seek the write-in nomination.

The four Republican candidates for governor like elders gathered at a funeral, have nodded their heads and shaken hands. When they were on the radio the first talked about himself, the second could hardly talk at all, the third spoke a few harmless phrases and the fourth hoped "business" would come to Maine. How pleasant! The Quiet Quartet!

None of them mentioned the plight of the state (the financial figures). None recited the astonishing figures. From 1947 to 1951 the state's population increased 45%, about \$4 per eligible voter. At about fifteen million dollars a year the state is about \$102 per adult. Directly and indirectly you provide that money! Has your income increased 45%?

The job security of the state employees (educators, clerks, policemen et al) has been jeopardized by an extreme policy.

Not one of the Quiet Quartet recommended that the state receive 10% of current income as a reserve for a possible depression. When the national economy contracts under a new administration (or whenever inflation stops) what will the state do? Any housewife knows enough to provide for winter. But the officials at Augusta have imitated the officials at Washington. The Silent Four participated in that program which spent your money.

Maine might go bankrupt under one of these men. Would you let your obligations exceed your income? By law you are stockholders in the corporation of the state. To pay the debts of that corporation you will be taxed.

In early winter the governor and the staff prepare the budget. The legislature, in January, will be asked to support that budget. If necessary to authorize new taxes. Not one of the Quiet Quartet has promised to cut the budget!

You would laugh at taxes. If you lived in Texas I have. There your income would be almost double what it is here. You would be in a community flooded with traffic, commerce and profits. But the real estate of Maine can not afford more taxes. How many of you want to pay \$102 a year?

The sales tax has been spent. The trend of expenses has been exaggerated. More income for the state will be needed unless the budget is cut. That income will come from your income. Every income in this state will be taxed unless the budget is cut. The only defense against a state income tax is a small budget. How can the taxpayers save themselves by electing a man pledged to cut the budget? How can such a man be nominated? By writing his name on the ballot in June.

Either vote on June 10th or for ever be silent about your taxes. Place in office a man who will put the state on a sound financial base or hereafter pay your taxes with a smile. Either vote for me, now, in 1952, by writing my name for

A meeting to start plans for a Bazaar was held Tuesday evening at the Legion Rooms. Fifteen of the organizations in town were represented, which showed enthusiasm was still high.

After much discussion as to how the proceeds of the Bazaar this year might be used it was voted by those present, that because of the large amount still available to welfare purposes, the money earned this year would be divided a follows: amount for Fourth of July celebration, at least \$100 for the Community Room and the remainder to help buy equipment to make a playground at the new Crescent Park School.

A tentative date for this year was set as Saturday, August 2, being earlier than in the past three years.

TODAY'S Meditation

Thursday, April 24

If any man be in Christ, he is a new creature. (II Corinthians 5:17.) Read Titus 3:1-7.

ANDY, the whittler, an old Indian, lived near a railroad camp in the interior of Canada. A woman, who went with her husband to build the railroad there, became acquainted with the Indian. Daily she saw him whittling away at a railroad tie. One day he lifted it up. There before her stood a perfect Indian brave. "Why, Andy," she said, "how did you do it?" He replied: "He is there all time. I just whittle him out."

God has placed in the heart of every man an image of the man that, by God's grace, he may become. How can each of us whittle him out? Dr. Leslie Weatherhead says: "First, change your mental picture; see yourself as the man

you may become." Paul says: "Put on the new man." That is you and let His transforming power be released in our lives. With His help the sin that obscures you and me will be whittled away. Then the new creature in Christ stands forth, the person God intends each of us to be.

Prayer

Into Thy hands, O God, we commit ourselves this day. Give to each of us a watchful, humble, and diligent spirit. Help us as we seek to learn Thy will for our lives. Bless us with joyful hearts as we strive to fulfill Thy will in loving service in Jesus' name. Amen.

Concrete's Resistance to Spring "Break-ups" Is Worth Millions to Taxpayers Every Year

WHEN the frost comes out or the rain pours down, concrete pavements "can take it." They're always ready to get you through with comfort and safety.

Even after the terrible punishment of a severe winter, routine inexpensive maintenance quickly puts concrete back in condition for the

heavy summer traffic. There is little or no interruption of service. Aggravating detours and costly delays are avoided.

Make first-hand comparison of pavements and you'll demand dependable, all-season concrete. Concrete is safe, economical, usable—in all seasons, rain or shine, during the day or night.

Air-Entrained Concrete Pavements Are Designed for Durability . . . Proved by Actual Performance. Modern concrete pavement built with air-entraining Portland cement is resistant to freezing and thawing and applications of salt or calcium chloride applied to remove ice.
